

TECHNICAL INFORMATION SHEET BREAK UP

Code No. 08159

INTRODUCTION

The comprehensive Premiere range of environmentally friendly products to meet most housekeeping needs in hotels, halls of residence, nursing homes and other residential premises. These products are also suitable for use in commercial premises for the routine care and maintenance of furniture, washable hard surfaces, internal glazing (including mirrors) and fixtures and fittings in offices as well as in toilets, washrooms or bathroom areas. None of these products are suitable for use on soft furnishings.

First class results can only be achieved using the correct equipment and products within the framework of a regular cleaning programme. The range of products enables the user to select those with precisely the right characteristics for the various tasks within any housekeeping department.

In the case of difficulty in making the correct choice or for further information on Premiere's cleaning systems and extensive range of cleaning and maintenance chemicals, equipment and machines, contact the local Premiere Representative or the Head Office in Cheltenham.

BREAK UP

A fast acting orange based chewing gum remover. Suitable for most carpets and hard surfaces. Also removes label adhesive, Pritt Stick, Plasticine, Playdoh, Blue Tack, grease, oil, lipstick, paints and dye stains.

DIRECTIONS

Always wear the appropriate protective clothing and read product label and material safety data sheet before use. Always undertake a trial area beforehand to establish results.

APPLICATION

Shake before use then completely cover the gum with Break Up gel. Pierce surface of gum with a blunt scraper and leave for 5 - 10 minutes contact time. Agitate with blunt scraper and use to remove the gum. Repeat if necessary then wipe with a damp cloth or use Carpet Mousse to remove any remaining deposits.

TRAINING ACADEMY

The technical staff in the Training Academy can ensure that the correct equipment and methods are used and our consultants can provide on-site training and advice. Standard two day training courses are held regularly in Cheltenham, and tailor made courses can be arranged if necessary.

HEALTH AND SAFETY INFORMATION

Appropriate Health and Safety information is detailed on the individual product label or relevant material safety data sheet.

Urgent professional advice regarding First Aid may be obtained by contacting the nearest regional centre of the National Poisons Information Service (NPIS), where all products are registered.

PACKAGING

6 x 500 ml

Premiere Code No. 08159

No liability is accepted for any loss or damage arising directly or indirectly from the use of the Company's products, or from the use of the information given in its publications; neither is any warrant given or implied of freedom from patent rights. Prospective users should, therefore, satisfy themselves by appropriate trials that the product to be used is suitable for the intended use and that such use will not infringe any patent.

We continue to reserve the right to alter designs of any products as part of a further process of improvement and products supplied may therefore vary from those detailed on this Technical Information Sheet.

QUALITY APPROVALS

The Woolsafe logo signifies that this product has been independently tested and accredited by Wools of New Zealand to carry the Woolsafe Logo. This product met the most stringent performance requirements to protect carpet colours from running or fading. The product has been shown to resist quick re-soiling, does not require C.H.I.P. Classification, is friendly to the environment and safe to use.

BS EN ISO 9001

All products manufactured to Premiere formulations are processed conforming to appropriate standards within the Quality System described in the Quality Manual and comply with the requirements of ISO 9001.
